I. MEETING MINUTES

The meeting minutes from the July 16, 2009 joint meeting are enclosed for the Committees' review and action.

II. REGIONAL LEGISLATIVE AGENDA

In December 2008, the RRPDC adopted a regional legislative agenda for the 2009 General Assembly Session. This agenda included the following regional issues:

- Rural Broadband
- Policy Statement on Environmental Regulations
- Richmond Region Representation on the Commonwealth Transportation Board
- Public Safety Funding
- Policy Statements on Paying for Growth (Impact Fees and Cash Proffers)
- Homestead Exemption – Property Taxes
- Emergency Response Interoperability
- Mandates and Funding

The Small and Large Jurisdictions Committees should begin discussions to develop a regional legislative agenda for the 2010 General Assembly Session. Staff will use the input received from Wednesday's Joint Jurisdiction Committee Meeting to prepare a draft document for review at the Committee's October meeting. This effort will be led by Chuck Gates, RRPDC Communications Coordinator.

III. NEXT MEETING

To continue discussions of the RRPDC Regional Legislative Agenda, staff recommends that the Small and Large Jurisdictions Committees select a date for a joint meeting in October.
